

## KS4 Child Care - Curriculum Content Long term plan

All KS4 pupils will be grouped for their options subjects.

The aim of each group's half termly Child Care 'taster sessions' is to provide a clear overview of Child Care to support skills for life development and enable pupils to be informed about possible future options and careers choices. All lessons are fully differentiated, practical and interactive with some recorded evidence.

	Autumn 1	Autumn 2	Spring 1	Spring 2	Summer 1	Summer 2
<b>Key Stage 4 Topic</b>	<p><b>UAS 110921 Introduction to Child Care (entry level)</b></p> <p><b>UAS 88898 Shopping for a Baby (pre-entry level)</b></p> <p><b>UAS 112607 Making Playdough with Support (pre-entry level)</b></p>	<p><b>UAS 110921 Introduction to Child Care (entry level)</b></p> <p><b>UAS 88898 Shopping for a Baby (pre-entry level)</b></p> <p><b>UAS 112607 Making Playdough with Support (pre-entry level)</b></p>	<p><b>UAS 110921 Introduction to Child Care (entry level)</b></p> <p><b>UAS 88898 Shopping for a Baby (pre-entry level)</b></p> <p><b>UAS 112607 Making Playdough with Support (pre-entry level)</b></p>	<p><b>UAS 110921 Introduction to Child Care (entry level)</b></p> <p><b>UAS 88898 Shopping for a Baby (pre-entry level)</b></p> <p><b>UAS 112607 Making Playdough with Support (pre-entry level)</b></p>	<p><b>UAS 110921 Introduction to Child Care (entry level)</b></p> <p><b>UAS 88898 Shopping for a Baby (pre-entry level)</b></p> <p><b>UAS 112607 Making Playdough with Support (pre-entry level)</b></p>	<p><b>UAS 110921 Introduction to Child Care (entry level)</b></p> <p><b>UAS 88898 Shopping for a Baby (pre-entry level)</b></p> <p><b>UAS 112607 Making Playdough with Support (pre-entry level)</b></p>
<b>Key focus -</b>	<p>Safe, loving relationships, different types of families and planning for pregnancy are discussed.</p> <p>Facts about conception, healthy pregnancy, the roles of health professionals, labour and birth are part of our learning.</p> <p>Budgeting for essential baby items and equipment is explored.</p> <p>The safe care of a newborn baby and child up to the age of 3 is included in our lessons including the importance of meeting all basic care needs, why we need to play and interact effectively and what to do in an emergency.</p> <p>We find out about breast and bottle feeding and role play bottle feeding, preparing a baby to take out safely in a buggy and nappy changing.</p>	<p>Safe, loving relationships, different types of families and planning for pregnancy are discussed.</p> <p>Facts about conception, healthy pregnancy, the roles of health professionals, labour and birth are part of our learning.</p> <p>Budgeting for essential baby items and equipment is explored.</p> <p>The safe care of a newborn baby and child up to the age of 3 is included in our lessons including the importance of meeting all basic care needs, why we need to play and interact effectively and what to do in an emergency.</p> <p>We find out about breast and bottle feeding and role play bottle feeding, preparing a baby to take out safely in a buggy and nappy changing.</p>	<p>Safe, loving relationships, different types of families and planning for pregnancy are discussed.</p> <p>Facts about conception, healthy pregnancy, the roles of health professionals, labour and birth are part of our learning.</p> <p>Budgeting for essential baby items and equipment is explored.</p> <p>The safe care of a newborn baby and child up to the age of 3 is included in our lessons including the importance of meeting all basic care needs, why we need to play and interact effectively and what to do in an emergency.</p> <p>We find out about breast and bottle feeding and role play bottle feeding, preparing a baby to take out safely in a buggy and nappy changing.</p>	<p>Safe, loving relationships, different types of families and planning for pregnancy are discussed.</p> <p>Facts about conception, healthy pregnancy, the roles of health professionals, labour and birth are part of our learning.</p> <p>Budgeting for essential baby items and equipment is explored.</p> <p>The safe care of a newborn baby and child up to the age of 3 is included in our lessons including the importance of meeting all basic care needs, why we need to play and interact effectively and what to do in an emergency.</p> <p>We find out about breast and bottle feeding and role play bottle feeding, preparing a baby to take out safely in a buggy and nappy changing.</p>	<p>Safe, loving relationships, different types of families and planning for pregnancy are discussed.</p> <p>Facts about conception, healthy pregnancy, the roles of health professionals, labour and birth are part of our learning.</p> <p>Budgeting for essential baby items and equipment is explored.</p> <p>The safe care of a newborn baby and child up to the age of 3 is included in our lessons including the importance of meeting all basic care needs, why we need to play and interact effectively and what to do in an emergency.</p> <p>We find out about breast and bottle feeding and role play bottle feeding, preparing a baby to take out safely in a buggy and nappy changing.</p>	<p>Safe, loving relationships, different types of families and planning for pregnancy are discussed.</p> <p>Facts about conception, healthy pregnancy, the roles of health professionals, labour and birth are part of our learning.</p> <p>Budgeting for essential baby items and equipment is explored.</p> <p>The safe care of a newborn baby and child up to the age of 3 is included in our lessons including the importance of meeting all basic care needs, why we need to play and interact effectively and what to do in an emergency.</p> <p>We find out about breast and bottle feeding and role play bottle feeding, preparing a baby to take out safely in a buggy and nappy changing.</p>
